WHAT ARE THE BOOTH REGULATIONS?

- Exhibitors must supply their own tables and chairs (if needed) or they can be rented from the decorator (GES).
- Booth personnel are required to work within the confines of their booth space. Working in the aisles is not permitted.
- Show Management reserves the right to refuse entry or to remove at the exhibitor's expense, any display that is not in accordance with these rules and regulations. If any doubt exists, the exhibitor must provide details and have such exhibits approved by Show Management. Management may require exhibitors to make such alterations to their displays as it deems necessary to the proper conduct of the exhibition and, if failure to comply, may order the immediate removal of the entire exhibit without compensation and at the exhibitor's expense.
- **Appropriate floor covering is mandatory for every booth.** This could be carpet, interlocking stone, ceramic tile, linoleum, etc. and must cover the entire surface of your exhibit space. Companies without proper flooring will be made to rent appropriate flooring at their own expense.
- Exhibitors need to make arrangements to dispose of any shipping crates or other rubbish created through the building or dismantling of their individual displays. Exhibitors are responsible for removing their own trash. Please plan accordingly.
- Inline booths may reach a maximum of 8' in height. Island booths may be over 8' in height. Perimeter booths may be 10' in height on back wall only. No walls or drape are allowed on the aisle side of the exhibit unless approved in advance by Show Management. If unsure, please contact Show Management prior to set up.
